Introduction

Foreword

Krzyzewskiville is back for another season of Craziness! As Former Coach Mike Krzyzewski put it, the greatest thing about the phenomena surrounding Krzyzewskiville and Duke basketball is its ever-changing nature. Krzyzewskiville is about more than a simple game of basketball. It's about more than getting on television. It's about coming together as a student body to face adversity and find common ground.

As Krzyzewskiville has grown, so have the rules surrounding it. The Line Monitors publish this policy each year to give an understanding not only of our policies and procedures, but the historical context of why our tent city runs in the way that it does. To stay up to date with everyday Krzyzewskiville happenings, subscribe to the [K-Ville email listserv](#) and follow us on Instagram [@KVille Official](#), Twitter [@KVille Nation](#), and Tik Tok [@K_ville](#). Reach out to headlinemonitor@gmail.com with questions or concerns.

This policy is subject to change as needed at the discretion of the Head Line Monitors and at the recommendation of Duke Administration and Athletics. All K-Ville activities will operate in compliance with the most updated public health guidance provided by Duke Administration and Athletics. This policy will be updated throughout the season to reflect such guidance.

In the event of a difference between the Long and Short policies, the Long policy prevails.

General Rules and Etiquette

Krzyzewskiville Boundaries

Krzyzewskiville is formally defined as the grassy lawn area in front of Card and Wilson gyms, their surrounding sidewalks, and the plaza in front of Cameron and the Schwartz-Butters Building.

Krzyzewskiville may be expanded (at the discretion of the Head Line Monitors).

Note that this does not include the IM Gym, the Sheffield Tennis Center, the Ambler Tennis Center, the interior of Card and Wilson gyms, or any part of Towerview Road or the Card parking lot. If you are in any of these locations and try to check in for your group, it will count as a missed check. If you are entering K-Ville during a check, a Line Monitor may be present at a K-Ville boundary to check your Duke ID, and you will not be counted for your group at that check. For more details, see Section 2.

Students who are on duty for their tent or walk-up line group should remain within these boundaries at all times unless given specific permission from a Line Monitor.

Personal Items

Students are responsible for all personal items left in K-Ville. Duke University Athletics, Grounds, and the Line Monitors will not be held liable for any items lost or stolen.

Please be aware that bags, purses, backpacks, and umbrellas are not allowed in Cameron Indoor Stadium. For a more exhaustive list, please see [here](#). In addition, no outside food or drink is allowed in Cameron. However, there are concessions inside Cameron Indoor for purchase. Please plan accordingly.

Trash

Students are responsible for removing all items brought into K-Ville. Please make use of the many garbage receptacles and recycling bins. Please ensure that larger items, such as furniture, are not left behind.

K-Ville may be cleaned at any point from 90 minutes prior to tip off until the day following the game. **Please make sure any personal items or items you would like to keep are on your person or removed from K-Ville** prior to this time. Items near trash and recycling bins will be thrown away.

Note that the cleaning process may take place earlier on the day of the Carolina game.

Constructing a Tent

Tents are permitted in K-Ville during the tenting season leading up to the home UNC game and in anticipation of select Designated Big Games (see Section 2: Walk-Up Line) at the discretion of the Head Line Monitors in accordance with Athletics policy. Opportunities for tents in K-Ville will be communicated by the Head Line Monitors. Tents or any other structures are not allowed unless specified by the Head Line Monitors or Athletics.

All tenters must refrain from tying anything—including tents—to trees, lampposts, handrails, or other structures.

All tents frames and materials (including tarps) must be store-bought and flame retardant. All structures are subject to fire marshall approval.

Tarps that are draped over tents may not be tucked underneath tents/pallets.

When placing stakes into the ground, please be aware of and avoid irrigation lines that run beneath the grass. Irrigation lines will be marked in a grid-like fashion with color flags at the heads.

As a general rule of thumb, no stakes should be placed within a one-foot radius of any flag.

Portable electric power generators, space heaters, and propane tanks of any kind are not permitted in K-Ville. Any student or tent seen with these dangerous items will be removed from K-Ville and not allowed entry to the game they tented to attend (including UNC).

At no time may any resident pitch a tent on or covering any part of the sidewalk surrounding K-Ville. Groups in the Walk-Up Line for any game should keep in mind that the sidewalk in front of Card and Wilson Gyms will be used throughout the day.

Follow [this link](#) for suggested materials.

Body Painting

Body painting should be confined to soft surfaces such as grass if possible. Athletics will provide some paint for games, but be prepared to bring your own supply in case it runs out. Students should refrain from painting in the Wilson or IM bathrooms.

Restrooms

If you must use the restroom, please use the portable toilets in K-Ville.

The IM Gym has accessible restrooms for tenters; however, these restrooms are open at the discretion of Athletics staff. **For the 2025 tenting season, the IM restrooms will be locked and inaccessible to tenters.** Additional restroom options, in addition to portable toilets, are currently being explored, and this policy may be updated to reflect updates and changes.

Using the bushes or any other part of the K-Ville grounds is against University policy.

Weather

Head Line Monitor will refer to The Weather Channel for weather estimations. The following guidelines will be used when determining if students should leave K-Ville:

- Temperatures at or below 32°F according to The Weather Channel.
- Greater than 2" of accumulated snow
- Sustained winds higher than 35 mph
- Lightning within a six-mile radius
- Severe weather warnings
- Icy conditions
- School closure
- Other dangerous weather events

Accessibility

Duke University encourages persons with disabilities to participate in its programs and activities. If students with disabilities would like to take part in the regular Walk-Up Line or Tenting procedures, The Head Line Monitors will work in conjunction with the Disability Management System to ensure that Walk-Up Line and Tenting accommodations are made for the individual's needs. If you anticipate needing any type of reasonable accommodation or have questions about the physical access provided, please contact Leigh Bhe in the Disability Management System at leigh.bhe@duke.edu.

There are also a limited number of accessible seats available in Cameron Indoor Stadium obtainable through a separate process outside of the regular Walk-Up Line and Tenting procedures. All special accommodations for accessible seating for Duke University students must be made in advance of game day by contacting the Duke Disability Management Office at 919-668-6213. Special accommodations will be filled on a first-come, first-serve basis prior to game day. No special accommodations or ticket exchanges will be allowed on game day. Reservation for accessible seating for students will end by 4:00 PM three (3) days prior to game day. Reservations for the Carolina game may operate under a different timeline according to the specific process established by the Duke Disability Management Office.

Please note that students must stand for the duration of their time in the Student Section in Cameron Indoor Stadium. If you are unable to stand due to an injury

or condition, please contact the Disability Management System for accommodations.

Alcohol

Students in K-Ville are expected to adhere to **all university policies** relating to the consumption and distribution of alcohol. Please refrain from bringing alcohol into the Wilson and IM Gym facilities. As a reminder, glass containers, oversized containers (including BORGs and kegs), and hard alcohol are not allowed.

Legitimate, functioning tables are allowed in K-Ville; Home-made, DIY tables are not allowed out of a concern for student safety and may be confiscated.

Removal from Cameron Indoor

Though it is rare that someone will be removed from the student section in Cameron Indoor Stadium, the following are grounds for removal:

- Entering the stadium with false credentials. This includes, but is not limited to:
 - Using a fake DukeCard
 - Using an unofficial wristband or credential
 - Pretending to be another Duke student
 - Pretending to be a Line Monitor
 - Pretending to be a member of Duke Athletics staff
 - Pretending to be a member of the media
- Showing signs of excessive intoxication. This includes, but is not limited to:
 - Excessive stumbling
 - Inability to stand unsupported
 - Vomiting in the student section
 - Urinating in the student section
 - Acting in a belligerent manner
- Wearing apparel of the opponent's team or their colors in Section 17.
- Refusing to comply with the instructions of the Line Monitors, Duke Athletics staff, Staff One, or Duke Police.

- Failure to comply with the general policies listed in the Cameron Indoor Stadium A-Z Guide.
- Sneaking past the Line Monitors, Staff-1, and other athletics personnel
- Any behavior that could be deemed unsafe or threatening by a Line Monitor, Event Staff, or Athletics personnel.

Use of Krzyzewskiville by Student Groups

Student groups that would like to use K-Ville for any non-basketball purpose—fundraising, publicity, and so forth—may not interfere with Game Day operations and must operate in accordance with all relevant University policies. Student groups who do not do so may be asked to leave.

In the interest of fairness, the Line Monitors will not actively support or sponsor any other student organizations.

2

Walk-Up Line

Standard Walk-Up Line Policy

Unlike other universities that use a random lottery or ticket sales to determine which students are admitted to a sporting event, Krzyzewskiville is proud of its first-come, first-served meritocratic approach.

The basic idea is simple: undergraduate students who wish to attend a game need only wait their turn in line. In balancing academics and extracurricular activities with basketball, however, two mechanisms are needed.

First, a **grouping** mechanism is necessary to allow students to rotate out and take part in other activities during the day. Also, a **line checking** mechanism is needed to keep the process fair and ensure that students are holding their place in line.

This policy applies to all games except the Carolina game and games occurring over breaks in the academic calendar. Timing of form release subject to change by Line Monitors depending on the needs of Krzyzewskiville and subsequent changes will be notified to Listserv. Alterations to this protocol are further subject to change based on seasonal and on occasion events that utilize Krzyzewskiville space and will be communicated in advance by Line Monitors.

To register a group in the **regular walk-up line**, students should locate the Line Monitors on duty at the registration tent (located near the Krzyzewskiville sign on the parking lot side of K-Ville) and ask to register a group beginning at **7am on gameday**. The registration table and tent will be clearly visible. Each student must present a DukeCard, physical or digital, to register.

If students would like to register a group for the walk-up line before the Line Monitor tent officially opens on gameday (**early registration**), they should fill out and submit an online registration form designated for each game. Form will be distributed via the Krzyzewskiville Listserv by the VPs of Gameday Operations. Submissions to the online form will be accepted beginning 2 hours after the end of the previous home game. This is the default, but the Head Line Monitors have the discretion to alter the walk-up line start time if needed. Groups will need to have $\frac{1}{3}$ of their members present in K-Ville starting from the time the form is submitted. Groups will receive an email with their group number from the Line Monitors but must not wait until receiving the email to be present in Kville—groups may be subject to Line Checks beginning the moment their form

is submitted. Once the first form submission has been received, the Krzyzewskiville Listserv will be notified that the Early Walk-Up Line has begun. This process does not incentivize staying in Krzyzewskiville continuously but rather returns autonomy to students to craft their own Krzyzewskiville experience.

Each student is limited to a single early registration via the online form per game. Any student who submits the registration form more than once may be bumped from the walk-up line and will be informed of this via email. If a group is bumped due to a missed Line Check, students in that group may not re-register using the form; re-registration may only occur in-person with the Line Monitors during a Line Check or at the registration tent on gameday.

Please contact the VPs of Gameday Operations (operationsgameday@gmail.com) with any questions.

Grouping

Students should line up in groups. **Only one-third of a group must be present in K-Ville at any particular time**, allowing group members to rotate out and attend class, study, or participate in other extracurricular activities. You must have one-third of your group in K-Ville to register your group.

Once a group has been added to the list, the size of the group is capped at three times the number of students present at the time of registration.

Students may choose to **decrease the size of their group** by going to the registration tent, but **may never increase the group size**. *Changes in group size may not occur during line checks.*

Groups that are not of a size divisible by three should round up to the nearest multiple to calculate the number of members required in K-Ville.

Example: *A group of 13 members would round up to 15. Dividing by three yields five, which is the number of members needed in K-Ville at any particular time.*

To register a group in line, students should locate the Line Monitor on duty at the registration tent (located near the Krzyzewskiville sign on the parking lot side of K-Ville) and ask to register a group. The registration tent will be clearly visible.

The registration tent will open at 7am on Game Days. Each student must present a DukeCard to register. Early registration will occur as outlined above.

Line Checks

To preserve the integrity of the line, Line Monitors will occasionally conduct a line check to ensure that each group has the required number of people representing it.

A Line Check will be signaled with the sounding of a bullhorn siren. During tenting season, Line Monitors will notify students whether the check is for the walk-up line or tents.

There is no grace given for walk-up line students regardless of your status as a tenter or non-tenter. Tenting grace does not excuse a student from their walk-up line responsibilities.

There will be Walk-Up Line grace during home Women's Basketball games.

There will be Walk-Up Line and Tenting grace at the following times:

- Two hours before and after home Men's Basketball games (Note: Walk-Up Line groups must still be present in K-Ville two hours before games to line up on the Wilson sidewalk; no checks will be called during this time)
- One hour before and after home Women's Basketball games
- One hour before and after away Men's Basketball games
- One hour before and after away Women's Basketball games

Missing a Line Check

In order to make a line check, groups must be present within the defined boundaries of K-Ville at the start of the check and check in with a Line Monitor during the duration of the check. Check end is defined as two minutes after the third and final warning call over the bullhorn. Checking in entails each present group member presenting their Duke Card to a Line Monitor. If the group fails to complete this, the check will be counted as a missed check for that group.

Missing a line check for any reason will result in a group being bumped from the line. **Groups that have been bumped will have to re-register.**

If you feel a miss has been assigned in error, please contact the Head Line Monitors at headlinemonitor@gmail.com and/or VPs of Gameday Operations operationsgameday@gmail.com to discuss your circumstances.

Wristbanding

To allow staff and Line Monitors to quickly identify students, a paper wristband is required in addition to a DukeCard to enter Cameron Indoor Stadium. Line Monitors will distribute wristbands on game day. Groups that register prior to game day should receive a wristband from a Line Monitor beginning 2 hours before tip.

Closing the List and Assembly

Thirty minutes before the undergraduate doors open (2 hours before tip), the Line Monitors will close the walk-up line list for registration. At this time, no new groups will be allowed to register.

Students who arrive after this time and are not on the list may still enter the game; these students should present their DukeCard to a Line Monitor, obtain a wristband, and then join the **back of the line** as it is assembled in K-Ville.

Line Monitors will assemble the line on the sidewalk closer to Wilson Gym in group order thirty minutes before undergraduate doors open.

Entry

Undergraduate doors to Cameron Indoor open one and one-half hours before tip-off (two hours for the Carolina Game). Students will be admitted to Cameron in group order at that time. Students should have their DukeCard and wristband ready and visible to ensure fast admission.

Line Monitors will be stationed at the head of the sidewalk and will control the flow of students into Cameron. Please be courteous of the event staff and other students and do not run into Cameron.

Students who arrive late to K-Ville and fail to enter Cameron with their group should approach a Line Monitor with their group number and at least two group member names. Efforts will be made to accommodate late students; however,

entry cannot be guaranteed and there is also no guarantee that groups will be reunited if members arrive after their group has entered Cameron.

Please be aware that all groups must pass through the metal detectors located outside the student doors to Cameron Indoor in order to gain entry. Backpacks are not allowed in Cameron.

Once in Section 17, please be mindful of students who have yet to be admitted and squish close to your fellow Crazies. This will allow the maximum number of students to be admitted to each game.

Also, please be mindful of the size of any game day costumes or outfits and their potential impact on attendance – Line Monitors or Athletics Staff may deem attire inappropriate or in conflict with the game day experience of others and be removed.

Theme Nights

For certain games, Line Monitors will announce a Theme Night. A Theme Night will allow members of a particular group—particular class years, for example—priority admission into Cameron Indoor.

In this case, the first 200 students in the Walk-Up Line will be allowed to enter **before** all members in the theme night group. More specifically, the entire group containing the 200th person in line will be allowed to enter.

Once all students in the theme night group have entered, admission will continue from the standard walk-up line as normal.

Wristbands for the theme night group will be a different color and can be obtained at the registration table.

Big Game Walk-Up Line Policy

Certain walk-up line games are in higher demand due to the nature of the opponent. These games are typically against more traditional conference rivals or Top 25 opponents. This season our anticipated Designated Big Games are Arizona State, Auburn, and NC State. If changes are made to designated Big

Games at the discretion of University officials, Line Monitors will notify the Listserv as soon as possible.

Big Game walk-up line policy differs from standard walk-up line policy in one way: the use of tents and structures is allowed owing to the anticipation of longer wait times. See Section 1: Introduction for how to construct a tent.

Group sizing, representation requirements for each group, and all other policies and procedures outlined in the standard walk-up line policy still apply.

The use of tents for Big Games in no way relates to tenting for the Carolina game. A group's position in the line for Carolina does not dictate position in line for any other game or vice versa.

Line-up for checks and entry to the game will still occur in group order on the sidewalk alongside Card and Wilson Gyms.

3 Other Games

Countdown to Craziness

Countdown to Craziness is the annual preseason event celebrating Duke Basketball. Countdown usually consists of a blue-white scrimmage, dance team performances, the annual team poster reveal, and all-day events in K-Ville.

Break Games

Several games will occur over the Thanksgiving and Winter Breaks according to the Duke academic calendar.

Because the vast majority of students are away on break, there is no walk-up line policy for these games. Students who wish to attend these games must still bring their DukeCard.

Duke Athletics makes tickets in the student section available for the general public for these games. Student doors typically open one and a half hours prior to tip-off, whereas general admission doors open an hour before tip-off.

Please be sure to arrive early to secure a reserved student seat in the middle of Section 17. General Admission ticket holders will be allowed to enter the space reserved for students at tip.

4 **Tenting for Carolina**

General Tenting Policy

Starting a Tent

A tent is comprised of a maximum of twelve (12) people. Occupancy requirements for each tenting period remain the same regardless of the number of people in the tent.

Tents who wish to start tenting must submit the registration form at least twenty-four hours prior to their desired start time and wait for confirmation from a Line Monitor. All “dirty” tents (not starting tenting at the beginning of Black, Blue, or White/Flex tenting periods) will start at 8pm on the selected day. The tent registration form is available at the “Register a Tent” button on kvillenation.com during registration periods.

Each tent will have a five-day period after they begin tenting during which they can change their roster online. After those five days, any roster changes must be emailed to tenting.kville@gmail.com and be approved by the VPs of Tenting and/or Head Line Monitors. If you are using tenting equipment from the loaner program, the deadline to switch into or out of a group is Wednesday, January 8th.

For more information on how to construct a tent, please see Section 1.

Capacity and Wait List

The maximum number of tents in Krzyzewskiville is 100 standard tents and an additional number of Flex Tents, as designated by the Head Line Monitors.

80 tent spots will be available for Black and Blue Tenting. 20 tent spots will be reserved for White Tents, and 30 tent spots will be reserved for Flex Tents.

If more than 80 Black Tents register within 48 hours of the registration form opening, there will be a trivia contest before the start of Black Tenting. This trivia contest will relate only to the current Duke Men’s Basketball team/season to provide equal opportunities for students of all years and varying degrees of Duke Basketball knowledge prior to attending Duke. Any tent that would like to participate must submit a tent roster with at least ten members at least 24 hours

before the trivia contest. If there is a trivia contest, it will be on **January 8th**.

Tents that score in the top 70 will be allowed to Black Tent. Note that Black Tents still must participate in a second trivia contest to determine the order of Black Tents (see page 29 for Black Tent ordering). Tents that do not score in the top 70 will be placed on the waitlist in order of decreasing trivia scores. Due to heightened interest in this year's short tenting season, the first 10 groups on the waitlist will then be offered Blue tenting spots beginning on the first day of Blue tenting.

Any tent that has registered for non-Black Tenting (Dirty Black, Blue, etc.) will be placed at the end of the waitlist, behind all tents that participated in the trivia contest. If a tent refuses their spot, it will be offered to the next highest group on the waitlist.

If less than 80 tents register for Black tenting within the first 24 hours, the first 70 tents to submit registration will be given Black Tenting spots. The remaining tents registered for Black tenting will be offered Blue tenting spots in order of registration.

If K-Ville reaches capacity at any other time, the Line Monitors will create a waitlist on a first-come, first-served basis, based first on desired start date and then on the time that the registration form is submitted.

Once K-Ville reaches full capacity, the waitlist for Black and Blue Tenting will lock in place based on the order of intended start date. Any changes to intended start date after this point will not affect the order of the waitlist. In the instance that both White and Flex Tenting fill up in the Race to the Secret Spot, the waitlist for Blue tents will take precedence over the White/Flex waitlist for entrance into K-Ville.

Daytime Hours and Curfew

Tenters on duty must be within the K-Ville city limits at all times. The number of tenters required at a given time varies based on the current tenting period and the time of day.

Each day is divided into day and night hours. A different number of tenters on duty is necessary from day to night.

Night Hours are defined as:

- **Sunday** (Monday morning) - **Thursday** (Friday morning): 1am - 7am
- **Friday** (Saturday morning) and **Saturday** (Sunday morning): 2:30am - 7am

All other times will count as Day Hours.

Tent Checks

To ensure that each tent is appropriately representing its place in line, the Line Monitors will call tent checks.

The Line Monitors may announce a tent check at their discretion. A check will be signaled by the sounding of a bullhorn siren. A Line Monitor will circle the entirety of K-Ville with the horn to ensure that it is heard by all tenters.

To check in, gather all members of your tent and go to Morton plaza near Cameron. Please wait until the required number of tenters are present to check in with a Line Monitor — this allows us to more quickly check in entire groups. We cannot check in your tent until all required members are present.

Tents who have yet to be checked but appear to be missing will — at a minimum — be given **three warning calls over the bullhorn** before being marked as absent. After the final warning call, two minutes will be given to allow for tenters to check in. After this time elapses, the check is officially over.

Line Monitors cannot be held responsible for checks missed due to tenters using the bathroom, failing to hear the siren due to the use of noise-canceling headphones, being asleep in the tent, or similar related circumstances. Digital evidence such as cellular data/location services/texts/etc cannot be used as proof of being in K-Ville.

Missed Checks

In order to make a tent check, the correct number of tent members for the designated period must be present within the defined boundaries of K-Ville at the start of the check *and* check in with a Line Monitor during the duration of the check. Checking in entails each present group member presenting their Duke

Card to a Line Monitor. If the tent fails to complete this, the check will be counted as a missed check for that tent.

Each tent is allowed one missed check per tenting period. This first missed check is meant to accommodate for any unfortunate circumstances or accidents wherein Line Monitors cannot verify that a tent made a check. Missing a second check will result in the tent being bumped to the end of the line, behind all registered tents.

An email from tenting.kville@gmail.com to your tent captain within 24 hours will inform you of your miss. If you feel a miss has been assigned in error, please contact the Head Line Monitors at headlinemonitor@gmail.com to discuss your circumstances. In the event of an irreconcilable disagreement, the Head Line Monitors' decision may also be challenged in front of the DSG Judiciary.

If K-Ville is at a maximum capacity, the tent will be dropped to the end of the resultant wait list.

Grace

A grace period may be announced in which no tent checks will be called. During grace, tenters need not be on duty in K-Ville.

Grace shall be given on the following occasions:

- For one hour after a tent check is completed.
- Two hours before and after a men's or women's home basketball game.
- One hour before and after a men's or women's away basketball game.
- For any of the weather-related incidents as stated in the Weather section of this policy.
- At any time for any length at the discretion of the Head Line Monitors via email or text listserv. Sign up for the text and/or email listserv [here](#).

Loaner Program

The Line Monitors will work with Duke Administration and DSG to administer a "Loaner Program", providing tenters with free equipment such as sleeping bags, lanterns, etc. Need-related assessments will be conducted by Student Involvement and Leadership. Details on how to indicate interest in this program will be communicated to the [K-Ville listserv](#) ahead of Winter Break. Students will know if they are receiving equipment before the start of Black Tenting.

Black Tenting

Dates

Black Tenting is the first period of the Tenting season. Following the conclusion of Black Tenting, missed checks will clear and all Black Tents will begin following Blue Tenting rules.

Black Tenting begins on **January 12th, 2025 at 12PM** and ends on **January 18th, 2025 at 7AM**.

Occupancy Requirements

Two members of the tent must be on duty during the day. **Ten** members of the tent must be on duty during night hours.

Tent Ordering

The subset of Black tents starting as early as possible on the first night of Black tenting will be assigned a tent letter (e.g. "X").

The order of these tents will be determined by participation in a trivia contest, attendance at sporting events, and the reception of spirit awards.

Exact dates for these sporting events will be announced in advance on kvillenation.com, the K-Ville Nation Instagram page (@kville_official), and through the K-Ville Listserv. Additionally, the length of time required at these events will be posted.

Spirit awards will include several categories, as decided on by the Head Line Monitor (e.g. Best Decorated Tent), and will be voted on by the black tenters. Tenters will not be able to vote for their own tent.

Scoring breakdown:

$$Total\ Score = \left(\frac{Test\ Score + Attendance\ Event\ Score + Spirit\ Points}{3} \right)$$

The test score is a grade between 0 and 1 determined by the points received / maximum potential quantity of points. The attendance event score is a grade between 0 and 1 determined by the quantity of tenters present across the events / maximum potential tenters present. A tent will receive +0.5, +0.4, or +0.3 points for placing 1st, 2nd, or 3rd respectively for each spirit contest.

Dirty Black tents starting after the beginning of the Black Tenting period, but before the start of Blue Tenting, will all be ordered on a first-come, first-served basis after Black Tents that started at the beginning.

In the event that multiple Dirty Black tents choose to pitch on the same day, the ordering will be determined by the time at which the online form was submitted.

Blue Tenting

Dates

Blue Tenting is the second period of the Tenting season. Following the conclusion of Blue Tenting, missed checks will clear and all Black and Blue Tents will begin following White Tenting rules.

Blue Tenting begins on **January 18th, 2025 at 7AM** and ends on **January 23rd, 2025 at 7AM**.

Occupancy Requirements

One member of the tent must be on duty during day hours. **Six** members of the tent must be on duty during night hours.

Tent Ordering

If there is no existing waitlist, any group may sign up to Blue Tent, until capacity is reached. Blue tents will be assigned a tent number based on their start date and time. If multiple Blue tents begin at the exact same date/time, their order will be determined by the time at which online form was submitted.

Dirty Blue tents starting after the beginning of the Blue Tenting period, but before the start of White Tenting, will all be ordered on a first-come, first-served basis after Blue Tents that started at the beginning.

In the event that multiple Dirty Blue Tents choose to pitch on the same day, the ordering will be determined by the time at which the online form was submitted.

White Tenting

Dates

White Tenting is the third period of the Tenting season.

White Tenting begins on **January 23rd, 2025 at 7AM** and ends on **January 29th, 2025 at 5PM**.

Occupancy Requirements

One member of the tent must be on duty during the day. **Two** members of the tent must be on duty during night hours.

Race to the Secret Spots

Given the high demand for White tents, the order of White tents will be determined by a scavenger hunt, or at the discretion of the Head Line Monitors.

The Line Monitors will select locations on West Campus which correspond to clues. Students who wish to White tent must submit their tent roster 24 hours prior to the beginning of the race. The roster should include every tenter's name (as it appears on their Duke Card), netID and email address and should indicate which tenter is the tent captain.

Only **one** tenter is required to arrive at a location with their Duke card in order to check in for their prospective tent.

White tents are numbered on the grounds of a "golf" score. This means, the order of each group at each spot will be scored and the overall sum will be used

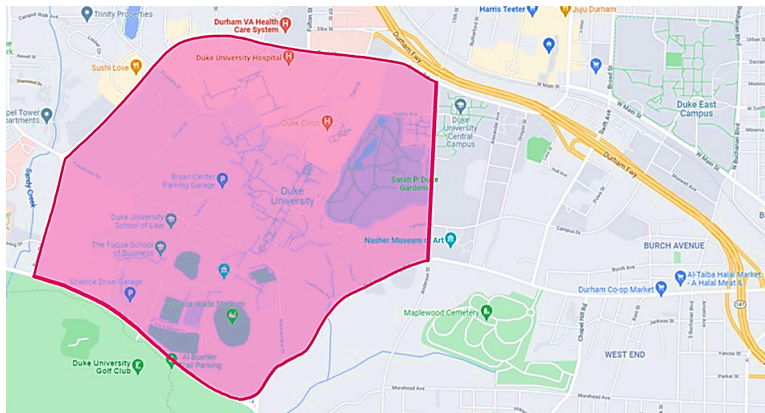

to determine their placement in the 20 White Tent spots. The lowest score will correspond to the earliest white tenting group. In the event of a tie, the tent with the lower time of completion for the entire race will take precedence.

For example: if there are three secret spots, and if a prospective group is 1st at one spot, 2nd at another, and 5th at the third, their score would be 8. This prospective tent would be the first white tent if there were no tents with lower scores.

In the event that K-Ville is not filled to maximum capacity after the Race to the Secret Spots, we will continue to accept rosters on a first-come, first-serve basis.

White tent rosters given after K-Ville has reached capacity will be added to the end of the waitlist, after those already on the Black and Blue Tenting waitlist.

The boundaries for the Race to the Secret Spot are: Erwin Road, Anderson Street, Duke University Road, and Cameron Boulevard. The area that is fair game for R2SS is highlighted here:

Tent Ordering

White tents will be ordered in the same order in which tents finished in the Race to the Secret Spots.

Flex Tenting

Flex Tenting abides by the same rules and regulations as White Tenting, but Flex tents are **NOT GUARANTEED** a spot in the Carolina game.

These tenting spots will be filled through the Race to the Secret Spots. The 20th to 50th groups to complete the Race to the Secret Spots will receive Flex Tenting spots.

In the event that Flex Tenting occurs, K-Ville will be expanded to accommodate the additional tents. The temporary change in K-Ville City Limits will be published by the Line Monitors on all media platforms.

In the event that K-Ville is not filled to maximum capacity after the Race to the Secret Spots, we will continue to accept rosters on a first-come, first-serve basis.

Tent Ordering

Flex tents will be ordered in the same order in which tents finished in the Race to the Secret Spots.

Waitlist

All groups after the 50th group to complete the Race to the Secret Spots will be added to the Flex Tenting wait list. They will be behind all tents from the Blue tenting wait list who have not yet received a space in K-Ville.

Wellness Week

Due to the record-short duration of the 2025 tenting season, there will be no “Wellness period” this year. Throughout tenting, there will be events put on in conjunction with DuWell to emphasize the importance and recognition of mental health, such as the Wellness Walkathon planned for Friday, January 17th.

Personal Checks

P-Checks are conducted on an individual basis. Therefore, an entire tent will not be penalized should a member of their tent miss too many Personal Checks.

Dates and Information

Five Personal Checks will be called at any time over the course of one night: **Friday, January 24th**. To obtain a wristband for the Carolina game, a tenter must check in at **three** of the **five** checks.

Individuals who fail to report to three of the five Personal Checks will be ineligible to receive a wristband for the Carolina game. Those students will not, however, penalize the other members in their tent.

Information regarding wristbands for the Carolina game will be released on kvillenation.com as well as the Krzyzewskiville Listserv and K-Ville Nation Instagram page closer to game day.

Students are expected to adhere to Duke University policies regarding alcohol and safety at Personal Checks.

Those who have serious reasons for missing Personal Checks need to e-mail tenting.kville@gmail.com two weeks before P-Checks with their excuse, and must obtain written permission from the Vice Presidents of Tenting to attend make-up P-Checks. Details about make-up Personal Checks for those tenters who cannot attend at the above date will be released at kvillenation.com closer to the end of tenting.

Unlike the regular walk-up line procedure, wristbands will be distributed at a separate time before the UNC game. Tent captains will be notified of this date closer to the date.

5 **Wellness Policy**

Gameday Wellness Policy

If a student is forcibly removed from Cameron Indoor Stadium, for any reason, they must set up a meeting with Duke Wellness before they are eligible to attend another game or receive a wristband for the Carolina game.

Line Monitors, Staff One, and Duke University Police reserve the right to deny entrance or remove a student from Cameron Indoor for excessive drunkenness. This applies to every home game, including the Carolina game.

Tenting Wellness Policy

Upon registration, tenters will be expected to fill out the Wellness Contract (see Wellness Contract below). Failure to abide by the rules outlined in the contract will result in removal from the line for the individual tenter. The tent will not be penalized for the actions of one tenter. The tent will be able to make a substitution if one of their tent members is removed by emailing the name and net ID of the replacement tenter to headlinemonitor@gmail.com.

If tenters test positive for COVID-19, the tent will need to email tenting.kville@gmail.com as soon as possible. The Head Line Monitors and VPs of Tenting will have final discretion over how to handle each situation, yet they will ensure that situations are handled equally between tents.

- As the default option, during Black or Blue Tenting, if 1 or 2 students within a tent are positive at a time, the tent will then need to have 1 or 2 fewer people required in the tent for night hours. In order to make sure each tent has the same number of total sleeps in the tent, tents will need to then have 1 or 2 more people during White night hours for the same period of time that the tent received accommodations. If 3 or more students have COVID at one time, the tent should email tenting.kville@gmail.com to discuss accommodations. Tents do not have to use this option and may continue following the same requirements as the rest of K-Ville.
 - *For example, if 6/12 are required for night hours during Blue tenting, and 1 person tests positive within a tent, only 5 people will be required to be there instead of 6 for the period of time that the student is in quarantine.*
 - *The tent will then need to have 3 people at night during White tenting for the same length of time.*
- During White Tenting, if a student within a tent tests positive, tents will still need to continue following the same requirements as the rest of K-Ville. If

there are 3 or more students that test positive in a tent, the tent should contact the VPs of Tenting at tenting.kville@gmail.com to discuss accommodations.

Wellness Contract

In an effort to ensure that the tradition of K-Ville can be enjoyed by future generations of Blue Devils, we need to create and foster a safe atmosphere both inside and outside of Cameron.

In order to protect the tradition of K-Ville, certain expectations must be met by its residents. Below are some expectations and consequences of behavior in K-Ville:

1. No glass bottles, alcohol handles, or BORGs of any kind.
2. If you are removed from Cameron at any game prior to Carolina, you will need to schedule and attend a meeting with DuWell in the Wellness Center before receiving eligibility to attend the UNC game.
3. University policy regarding COVID-19 applies for any K-Ville situation and K-Ville events and this policy may be updated as needed.
4. Portable electric power generators, space heaters, and propane tanks of any kind are not permitted in K-Ville. Any student or tent seen with these dangerous items will be removed from K-Ville and not allowed entry to the following home game (including UNC).

As residents of K-Ville, it is part of your responsibility to see that the K-Ville tradition continues for years to come at Duke. We hope that this effort will secure the longevity of this tradition, and make K-Ville a safer place for everyone. Participation in Walk-Up Line will assume an acknowledgment of these policies.

Each tenter will be required to sign these expectations at the start of the tenting season. By filling out this form, you are acknowledging the expectations and consequences of your actions as a K-Ville resident.
